

## COVID-19

First and foremost, Greater Columbia Accountable Community of Health (GCACH) would like to thank our front-line health care workers, public health staff, and all those working behind the scenes in administration, in sanitation and in all the other necessary parts of our healthcare system to keep our communities safe. As COVID-19 (corona virus) continues to unfold, GCACH will continue to gather the most up-to-date information regarding those affected in our community and resources.
