1. Current rolling window for Medicaid claims-based measures is 01/01/2017-12/31/2017. Numbers (ACH rates) represent baseline performance for assessing P4P.
2. GTG represents Gap-to-Goal measurement methodology. IOS represents Improvement-Over-Self measurement methodology.
3. NNT represents the number of members or visits required to meet the HCA targets for the 2019 measurement period. Red represents performance that is worse than the target. Green represents performance that is better than the target.
